

SOCIAL MEDIA VIDEO SCRIPTS

In 2025 Staff Management | SMX and SIMOS Insourcing Solutions are putting associates in the spotlight!

Below are scripts for our brand-new video content series. We want you to be yourself and use your own words, but we recommend using the script as a guideline. We also included tips and tricks on filming a successful video. Associates who submit a video to their Service Team will be given **20 Stafftrack Rewards points**. If the video is published, an additional **55 points** will be awarded.

At work I'm a [JOB TITLE], but when I'm not at work I like to...[DESCRIBE/DEMONSTRATE HIDDEN TALENT].

What's your Hidden Talent? Let us know in the comments!

Video Tips & Recommendations

- Be Yourself! The above scripts are meant to be a general talk track. You're welcome to use them but we want to hear directly from YOU.
 - Please refrain from using profanity or any provocative language as well as commenting on politics or political events.
- When filming, hold your smartphone in **portrait mode** (like you see on Instagram Stories). This is the ideal dimension for social media videos.
- Refrain from using filters, music, sound effects, and voice changers in your video.

SOCIAL MEDIA VIDEO SCRIPTS

- Avoid filming in front a source of light—this will cast you in a shadow and make you difficult to see.
